

# Allan

## Manual mitre bench

- ✓ For producing non-standard frames.
- ✓ Cuts mitre angles at exactly 90°.
- ✓ Cutting tools are made of hardened steel.
- ✓ Hydraulically operated.
- ✓ For best quality, pre-cut Johannesson outer frames (Alt. 2) should be used.

# Technical data

Width:	800 mm
Length:	1200 mm
Height:	1250 mm
Drive:	Hydraulic unit
Flow:	20 l/min
Pressure:	15.0 MPa
Power supply*:	3 x 400 V AC + N + $\perp$ 50Hz 32-35 A
Control:	Pedal

\*) Can be altered to suit local conditions.

Subject to changes.

## Work description

Pre-cut Alt. 2 Johannesson profile

1. Mitre

2. Manual cutting

3. Drilling
